### Monthly Sales Trend

| Month | Sales (in \$) |
|-------|---------------|
| Jan   | 100           |
| Feb   | 150           |
| Mar   | 200           |
| Apr   | 180           |
| May   | 210           |
| Jun   | 240           |
| Jul   | 260           |
| Aug   | 250           |
| Sep   | 280           |
| Oct   | 300           |
| Nov   | 350           |
| Dec   | 380           |

### Top Selling Products

| Product    | Count |
|------------|-------|
| Product ID | 700   |
| ID         | 550   |
| Food       | 400   |
| CD         | 350   |
| E          | 250   |

### Advertising Budget vs Monthly Sales

| Advertising Budget (in \$) | Monthly Sales (in \$) |
|----------------------------|-----------------------|
| 10                         | 100                   |
| 25                         | 150                   |
| 40                         | 200                   |
| 55                         | 210                   |
| 70                         | 240                   |
| 85                         | 260                   |
| 95                         | 350                   |
| 100                        | 380                   |

### Sales Data Table

| Month ID | Sales | Ad Budt |
|----------|-------|---------|
| January  | 11000 | 2000    |
| February | 16000 | 2500    |
| March    | 22000 | 3000    |
| April    | 20000 | 3800    |
| June     | 28000 | 4000    |

| Feature Type | Instances |
|--------------|-----------|
| Predicted 0  | 750       |
| 00           | 650       |
| Fixed        | 550       |
| 00           | 450       |
| 0            | 350       |

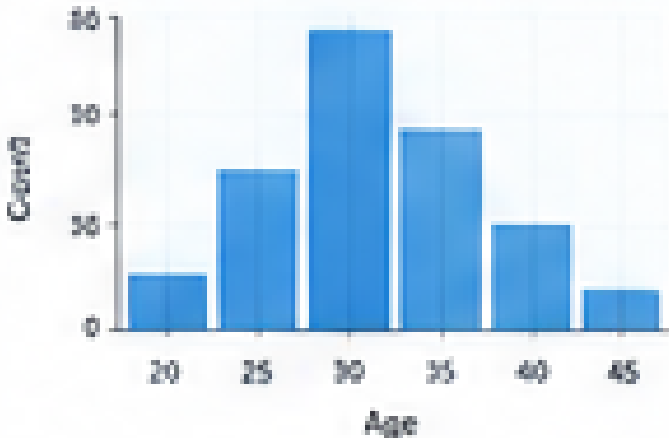

A scatter plot showing the relationship between Advertising Budget (in \$) on the x-axis and Monthly Revenue (\$) on the y-axis. The x-axis ranges from 0 to 100, and the y-axis ranges from 0 to 400. There are 10 data points plotted as blue circles. A dashed blue line represents the linear regression, and a light blue shaded area around it indicates the confidence interval. The data points are approximately as follows:

| Advertising Budget (in \$) | Monthly Revenue (\$) |
|----------------------------|----------------------|
| 10                         | 100                  |
| 25                         | 120                  |
| 35                         | 150                  |
| 45                         | 180                  |
| 55                         | 200                  |
| 60                         | 220                  |
| 70                         | 250                  |
| 80                         | 280                  |
| 90                         | 300                  |
| 100                        | 320                  |

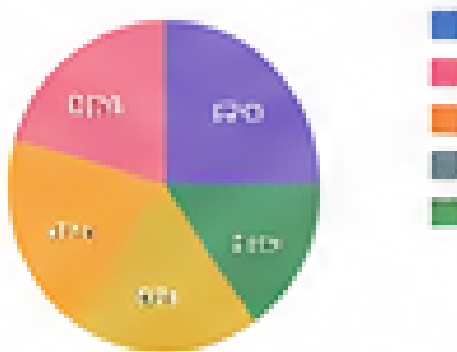

| Month ID | Sales | Ad Buds |
|----------|-------|---------|
| January  | 15000 | 2000    |
